

# Halloween Homework!

\*\*\*Return in homework folder\*\*\*

1. With your child, count the candy s/he collect. Have

them write the number

2. Have your child copy/write the name of their *favorite* kind of candy here

3. Sort the candy into groups of the "same kind". Record what type of candy by most/least: \*Parents can write this information

\*Most: \_\_\_\_\_

\*Least: \_\_\_\_\_

4. Now, sort the candy into two different groups. Samples: round & not round, like & don't like, hard & soft, etc...you can have them sort their candy more than one time and by more than one criteria!

\*\*\*Sorting by "like and don't like" last is a good opportunity to get rid of a bunch of candy!
