

The District is interested in the safety and privacy of all students. In consideration of student privacy concerns, the District requires listen-in technology to be disabled while the device is at school, on District-provided transportation, and at school-sponsored events. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students.

Parents and guardians shall obtain approval from the building principal before operating a student tracking safety device or other electronic device with recording or listen-in capability, such as AngelSense or a similar device, at school or at a school-sponsored event. Any parent or guardian receiving permission to use an electronic device with listen-in capability may be requested to enter into a user agreement with the school to define the scope and limits of such use.
